Language : Hindi , English

Vadodara, Gujarat

OBJECTIVE

Motivated Computer Science undergrad with strong core concepts, expertise in programming, DSA, DBMS, and web development, seeking to contribute technical skills to a relevant role.

SKILLS

Programming Languages : C/C++ , Python , Java

Web Development : HTML , CSS , JS , React , PHP

DBMS : MySql , noSql

Core Concepts : DSA/DAA , Operating Systems , Compiler design , etc.

Tools and Technologies : Git , VsCode

Operating Systems : Windows , Linux

Strong analytical and problem-solving skills

PROJECTS

Personal Portfolio Website : Created a responsive personal portfolio website to showcase projects and achievements . Utilized HTML, CSS, and JavaScript for the frontend, and GitHub Pages for hosting

Smart Restaurant Billing Solution : Developed a robust restaurant bill counter management system to streamline billing processes. Implemented with MySQL and PHP for backend logic and database management, providing a user-friendly interface and efficient bill handling.

Micro-projects : Developed various micro-projects across multiple domains of computer science, including a web-based digital clock using HTML, CSS, and JavaScript, and a Python-based password manager for secure storage of credentials. Other projects include a basic to-do list app in JavaScript, a simple calculator using Java, a contact manager with file-based storage in Python, and a URL shortener in PHP. These projects reflect foundational skills in web development, programming, and software management.

EDUCATION

JULY 2026	B.Tech - CSE With Internet of Things	VIT Vellore	Current CGPA 8.8
